

### Encore Productions Residency Round Up - July 2019

Summer time – and the living is easy as they say! Just back after a few weeks holiday and getting things prepared for our time on the main stage at An Táin Arts Centre during which we will be filming the video elements of the play. We had an excellent two weeks at St Brigid's School where all the cast got a great welcome from their old teachers and had a chance to have a walk down memory lane before setting up a classroom as a rehearsal space. The play is really coming together and we are ready to add the next layers – let the music play and the lights shine!
