

Encore Productions Residency Round Up - September 2019

With only a few months to go, Encore are rehearsing three days a week to get the show in shape! We spent a week on the mainstage filming the video elements which was great fun – intense and focused – but the actors as ever brought all their patience, skill and concentration to the process. Being in character and in full costume for the lights and camera really helped to focus everyone’s performances.

In addition to the videos for the show we also made a promo video to give our audiences a taster of what they can expect from the show –enjoy!

Now back to rehearsals.....
