

Encore Productions Residency Round up October 2021

With only 1 week to the show Encore are in overdrive, pulling all the elements of the production together – performance and choreography, costume and lights, video and animation. It's also been a time to get out there and spread word of the show in the local community and beyond. To this end, interviews, articles and photographs have appeared in the local press and actress Sandra Shields appeared alongside director Sandy Sneddon on the Town Talk show on Dundalk FM where first time broadcaster Sandra proved herself a natural radio star!

Orlaith Cullinane's animations and Dara McCluskey's films are now complete and fully loaded into the tech system at the Theatre ready to mesh with the live action and bring the fables and gods back to life!

Three more rehearsals and a few costume adjustments to go – just enough time to bag your tickets and make sure you are there for Encore's return to the live stage at An Táin Arts Centre!
