

Encore Productions Residency Round up December 2021

And so this is Christmas...

Another year over for Encore Production's residency at An Táin Arts Centre. Time for a break. To celebrate, reflect and renew. We hope everyone at An Táin Arts Centre – performers and management, technicians, cleaners, all the front of house and back stage staff, audiences and artists have a wonderful Christmas and a happy and healthy 2022.

Since our show in October we've been thinking about what we will do next and have decided (in the middle of winter) to go back to the Bard and bring 'A midsummer's night dream' to life. We also rounded off our year of Greek theatre with some mask workshops with Órlaith Cullinane. Colourful creative and fun!

One of our longest serving actors – a true hero of a man with over 20 years of experience on stage – Mr Oliver Hanratty has spent the last 4 and a half weeks in ICU on a ventilator. We are overjoyed that he was strong enough to come off the ventilator yesterday. We wish him and his family a very special Christmas and the healthiest and happiest New Year imaginable.

See you all on stage, in the theatre and round this wonderful Town in 2022!!

Encore Productions.
